### SESSION 2.3: DISCUSSION - 20 minutes

Consider the other group's presentation and how it related or compared to the information you had given them.

One presentation reported facts or non-fiction; the other presented reader's theater or historical fiction.

Take notes on what is the same about what you shared and what is different. Be prepared to share later in the discussion.

- Which way of getting the facts did you prefer?
- What did you have to do to homestead?
- What kind of personal characteristics do you think made a good homesteader?
- Did you treat each other with respect? How do you know you were being respectful?
