

SESSION 3.2: ART ACTIVITY

1. Choose a person you want to commemorate or someone you want to honor. Brainstorm a list of things, places, and qualities that make you think of that person like Don Welch and Shannon Vesely did in their poems.
2. Then take the list and cut it apart. Choose the words you really like that describe the person or hero and arrange and rearrange them until you are satisfied you are commemorating that person. Then try adding words to complete the poem.
